TENDERS.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Indian Supplies," will be received at this office up to noon of SATURDAY, 9th May, 1891, for the delivery of Indian Supplies, during the fiscal year ending 30th June, 1892, consisting of Flour, Beef, Bacon, Groceries, Ammunition, Twine, Agricultural Implements, Tools, &c., duty paid, at various points in Manitoba and the North West Territories.

Forms of tender containing full particulars relative to the Supplies required, dates of delivery, &c., may be had by applying to the undersigned, or to the Indian Commissioner at Regina, or to the Indian Office, Winnipeg.

Parties may tender for each description of goods (or for any portion of each description of goods) separately or for all the goods called for in the Schedules, and the tenderer reserves to itself the right to reject the whole or any part of a tender.

Each tender must be accompanied by an accepted Cheque in favor of the Superintendent General of Indian Affairs, on a Canadian Bank, for at least five per cent. of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract based on such tender when called upon to do so, or if he fails to complete the work contracted for. If the tender is not accepted, the cheque will be returned, and if a contract be entered into for a part only of the supplies tendered for an accepted cheque for five per cent. of the amount of the contract may be substituted for that which accompanied the tender; the contract security cheque will be retained by the Department until the end of the fiscal year.

Each tender must, in addition to the signature of the tenderer, be signed by two sureties acceptable to the Department for the proper performance of the contract based on his tender.

This advertisement is not to be inserted by any newspaper without the authority of the Queen's Printer, and no claim for payment by any newspaper not having had such authority will be admitted.

L. VANKOUGHNET,
Deputy of the Superintendent-General of Indian Affairs.

Department of Indian Affairs,

THE ETHICS OF OPPOSITION.

A contributor in commenting on Mr. Blake's letter recites the clearly defined

views of Sir Robert Peel, a famous English statesman of great ability and noble character, upon the true function of Parliamentary Opposition. At this juncture these views are well worthy of earnest consideration by the Canadian people. It may well be questioned whether an Opposition which aims by ridicule, invective and obstruction, to defeat the purpose of a Government which is endeavoring to carry out its pledge made to the people before election, and on which it was sustained by the people at the polls, can be deemed either dignified or worthy of the traditions of the English speaking race. Honest opposition, in a just cause, from a party standpoint, cannot reasonably be objected to. Nor can it be expected that the Canadian Reformers would be fully contented with a measure of reciprocity with the United States if obtained by Sir John Macdonald's Government—when they demand unrestricted reciprocity. But is the good of the country to be deemed inferior to the success of a party? Surely not. The serious consideration for Canadians is this: Is it dignified? Is it fair to the honor and character of the Canadian people? that a Government which represents in its negotiations for a reciprocity treaty not merely a party, but the Canadian people, who have made it their authoritative agent to secure a favorable measure of reciprocity with the United States Government, should by the Opposition journals be persistently hindered and obstructed, and treated with ridicule and contempt, in its efforts to do its duty to the electorate of Canada.

We mistake the temper of the Canadian people if we think that such a course of opposition can have any other effect than that of causing them to disapprove of such conduct on the part of the Opposition press. Would not the fair, the dignified, the patriotic course, be like that of the great British statesman referred to—to place no obstacle in the way of the Government in its effort from its own standpoint to negotiate an advantageous trade treaty for Canada, and then, when the Government has either failed through its own inability to obtain such a treaty, or has obtained one that is objectionable and defective, to visit it with the criticism, which it is an Opposition's function to provide? We think the latter course is far better adapted than the former to make a Government out of an Opposition, and to maintain the dignity and advance the true interests of our common country.—
The Week.

ST. GEORGE'S DAY.

St. George's Day, the 23rd inst., was honored in Prince Albert by holding a dinner in the evening at the Queen's, to which some sixty guests sat down. The dinner itself was one of the best ever sat down to in the town, and was catered for in Mr. Oram's best style—all the delicacies of the season being found on the table. The chair was ably occupied by Mr. T. E. Parker, first president of the society, while the vice chairs were filled by Sergt. Major Wyld and Mr. C. Woodman, and it goes without saying that all these gentlemen fulfilled their duties most thoroughly. After the cloth had been removed, the chairman made an able address, calling on all Englishmen to rally round the old standard, and enroll their names on the list of membership. After the chairman's address, a long list of toasts was given and responded to, each and all urging the necessity and advantages to be gained by the formation of a St. George's Society in the town. Songs—national, patriotic and comic—were plentifully interspersed, all helping to make up one of the most pleasant evenings ever enjoyed in our loyal little town. After the usual loyal toasts had been honored, Mr. T. H. Brooks sang "Rule Britannia." Toasts and songs were then given in the following order:—"The Army and Navy" was responded to by Sergt. Major Wyld and Sergt. Sheppard. Song, Mr. Conway; recitation, Mr. Webster; "Legislative Assembly," Mr. Betts, M.L.A.; song, C. Woodman; "Town Council," Acting Mayor Donaldson; speech, Const. Woodward; song, Mr. Barwell; "The Learned Profession" brought forth an able speech from Mr. Justice McGuire and W. R. Gunn; songs were then given by Messrs. Tessier and Gingras; "Our Guests" brought Messrs. G. T. Brown and W. Y. Davis to their feet. The next was "Canada" to which Mr. Betts responded in a very fine speech. The health of the chairman was then drunk, to which Mr. Parker replied in a few words, also giving a song. Mr. C. Woodman then made a short speech, calling on all Englishmen to be up and doing, and asking each of those present to do their utmost in the interests of the Society. Song, Mr. Barwell; "The Ladies," was responded to by Mr. H. Thompson and Mr. J. E. Stewart; song, Mr. Close; song, Brooks, "England, Home and Du"; "Host and Hostess," was responded by Mr. Oram, who also sang a couple excellent songs; "The Press," Messrs. Maveety and Gunn; song, Mr. Conway after which everybody sang "God the Queen." It being getting in the wee sma' hours by this time the com dispersed well satisfied with the evening's enjoyment.

A meeting of the Society will be held this evening at the Queen's Hotel.

MEETING.

The annual meeting of No. 2 Volu Fire Company was held in the Town Hall on Friday, 24th inst.

Minutes of previous meeting were adopted. The first business was the election of officers, which resulted in electing:—Geo. R. Russell, Captain; John Offord, 1st Lieut; G. Bigger, 2nd Lieut.; Robt. McKay, 3rd Lieut.; Geo. C. McLeod, re-elected Sec. Treasurer; Capt. of Salvage Corps, A. L. Robertson; Lieut., J. McKenzie; Light Axe man, James Temple; Heavy Axe men, D. Williamson and S. McLeod. A hearty vote of thanks was tendered Mr. F. Kerr the late captain. It was moved and carried that the Secretary be instructed to ask the Town Council to grant \$15 to defray expenses of team while practicing.

Moved and carried, that Mr. R. Stanley furnish team at \$1 when the company consider it a suitable evening for practice. First and third Friday in each month was appointed as nights for meetings. Five new members were added to the roll. The meeting adjourned to meet again the first Friday in May.

WEDNESDAY, APRIL 29, 1891.

Territorial papers seem generally satisfied that the Lieutenant Governor's Advisory Council intend to personally press upon the attention of the Federal Government the importance of certain amendments being made to the present Territorial Constitution. Excepting one representative from Eastern Assiniboia and two from Saskatchewan, the members of the present Assembly who have spoken on the question, are strongly in favor of full responsible government. The members above referred to spoke strongly against so radical a change being urged. Mr. Betts was reported as saying "that the smallness of the general population when compared with the area of our Territory, and the vast stretches of unoccupied lands lying between the established centres of population, and the divided interests which certainly will exist within our boundaries convinced him that the difficulties which would arise under a system of full responsible government with one Legislature for the whole country, would be even greater than the difficulties which were every day presenting themselves under the present system. Speaking for Saskatchewan he would again repeat that its people looked forward with hope to having, within a few years, a local Government of their own. Until then, he was satisfied to try and work out the best results possible under some system of government similar to the present, it being much less expensive and more easily handled than the measure of responsible government now being agitated for." We are satisfied that a vast majority of people throughout the country hold similar views. Every representative from Alberta opposed this opinion, but good evidence that it was right is shown in the agitation now going on in that district for provincial organization independent of the balance of the Territories. Active steps with such an object are now being taken, and their claims will be fully pressed upon the Government during the present session, Assiniboia will soon be following a like road. Under all the circumstances, we feel satisfied a delegation as spoken of, will do good. Local considerations must play an

interesting part in the amendments likely to be proposed, and knowing the views held by Mr. Betts as representing the most important district of Saskatchewan, we believe our best interests will be served by his being a member of the delegation.

The timber to the north of the river which has for years been held by the Government at an extravagant price, is again at the mercy of numerous fires, and the dry wood which settlers are denied the privilege of cutting for speculation purposes is daily adding fuel to the flames. The rain of last week has stopped for a time the serious work, but has not entirely subdued it. Forest rangers are capital institutions for collecting the hard earned dollars from the settler in need of a little firewood, but when a forest fire is raging his abilities fail to shine in any great degree. Time and again the attention of the Government has been called to the importance of allowing the dry wood to be cleared out. When this is done the forest ranger can make himself useful in clearing up brush, etc.; then the risk of fires will be reduced to a minimum. In the meantime, we suggest to the department the wisdom of sending out a competent man to report on the value of the people's demand, that they be allowed to use dead wood free of charge, and that no obstacles be thrown in the way of its being exported to other parts within the Territories.

Seeding throughout the district is about completed, some few acres of barley land only remaining to be attended to. A careful examination shows the increase of acreage under crop this year to be about twenty-five per cent, and never before in the history of the district has the growth been so far advanced as at the present time. Most of the wheat fields are now green, and nearly all garden stuff has been planted. With an average season from this out, one of the greatest crops ever garnered in the Territories should be secured to the farmers of Prince Albert.

IT COSTS YOU NOTHING.

It is with pleasure we announce that we have made arrangements with that popular, illustrated magazine, the *American Farmer*, published at Cleveland, Ohio, and read by farmers in all parts of this country and Canada, by which that great publication will be mailed direct, free, to the address of any of our subscribers who will pay up all arrears on subscriptions and one year in advance from date, and to any new subscribers who will pay one year in advance. This is a grand opportunity to obtain a first-class farm journal free. The *American Farmer* is a large 16 page illustrated journal, of national circulation, which ranks among the leading agricultural papers. Its highest purpose is the elevation and ennobling of Agriculture through the higher and broader education of men and women engaged in its pursuits. The regular subscription price of the *American Farmer* is \$1 per year. It costs you nothing. From any one number ideas can be obtained that will be worth three times the subscription price to you or members of your household, yet you get it free. Call and see sample copy.

To all to whom these presents may come, or whom the same may in anywise concern—GREETING.

Coughs, Colds, Croup.
Allen's Lung Balm was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balm will prevent it if only taken in time. For Cough, Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balm, call for a 25-cent bottle to test it.

GENERAL NEWS

Ottawa, April 23rd.—The first census returns have been received. They are from London City and South Lanark.

Halifax, April 23.—Dalhousie University convocation took place this afternoon. Miss Agnes Baxter, of Halifax, a young lady, secured the first rank honors in mathematics and physics, and wins the Sir William Young gold medal.

London, April 23.—Buffalo Bill is at Strasburg, exhibiting twenty-six bucks and two squaws, just arrived via Antwerp, as his personal captives in the recent Indian war. He claims to have saved several of them from the gallows by his intercession. The guileless Mr. Cody amuses himself by telling wonderful tales of adventure and incidents, which are swallowed as gospel truth by the Germans, who now view an Indian for the first time. Cody to day took his twenty-six bucks to Keal, and caused them to take an oath of fidelity to him during his European tour. The United States consul administered the oath.

London, April 23.—The Duke of Edinburgh led the orchestra at a public concert in Bristol yesterday evening. It is well known that the Duke is a violinist of no mean ability, and it is agreed that he proved an excellent conductor in this instance. But the papers, in commenting on the affair, expressed the opinion that it is hardly a dignified thing for the Queen's son to be engaged in such business, even as an amateur.

Liverpool, April 23.—Scandals in the British customs department are rare, but a flagrant instance of dishonesty on the part of a customs officer at this port has just been revealed. The officer has been under suspicion for some time, and when arrested he was found to be literally loaded down with gold and silver plate which he had abstracted from a passenger's baggage and concealed on his person.

Montreal, April 23.—The welcome news reached here this morning that the ice bridge at Cape Rouge had given way, and that consequently navigation was open throughout the St. Lawrence and Gulf.

Ottawa, April 23.—The trade returns just issued show the exports for nine months ending March 31st, of the current fiscal year amounted to \$73,734,013, compared with \$73,208,731 for the corresponding period last year, an increase of \$525,282. The imports were \$81,829,945, as against \$82,522,887, a decrease of \$722,944.

Chicago, April 23.—Western freight circles are agitated over a new schedule of New York & St. Paul rates put into effect by the Canadian Pacific road. It is the first manifest result of that road's alliance with the New York Central. The schedule makes quite a sweeping reduction in all classes. The established rate first class was \$1.30, but on this the Canadian Pacific got a 10 cent differential, thus reducing its rate to \$1.20 first class. The new sheet cuts this down to \$1.07 and all other classes proportionately. As a consequence the Chicago & St. Paul lines are very much exercised and feel very angry toward the offending corporation. This cut is much more than the differential accorded to the lake routes carrying freight via upper Lake Superior points and is in violation of the special and western traffic association agreements. It would appear, therefore, that a costly war may be waged this summer.

St. Petersburg, April 23.—The Moscow & Odessa express was wrecked near Marianovpel yesterday, and the driver and two guards were killed. The passengers had a miraculous escape. It was found that the rails for a distance of thirty meters had been loosened and it is supposed that wreckers expected to rob the mails.

Halifax, April 23.—The situation of the new Prince Edward Island Government is a perplexing one. Its supporters number fifteen as against fourteen oppositionists. As soon as the members of the Government accept office ipso facto their seats become vacant and therefore when the vote on the speaker-ship takes place the Ministerialists will number but twelve. A general election on the island is not far distant though.

London, April 23.—In the House of Lords to-day Lord Salisbury said that the English had been treated by the Portu-

guese in a manner non-consistent with the engagements entered into by Portugal. The demeanor of the Portuguese officials in Africa correspond so little with the assurances sent from Lisbon, that it had been decided to send three British warships to the entrance of the Pungwee river.

Quebec, April 23.—A dispatch from St. Paul's Island, says the steamer Charrington from Mediterranean ports passed inwards at 8 a.m. to-day. This is the first vessel inwards this season.

Toronto, April 23.—The Government were waited upon yesterday by a strong deputation of business men of this city, who asked that the law be so changed as to provide for the assessment of their incomes instead of their personal properties. The government promised to give the matter most serious consideration.

A cable was received here yesterday announcing the opening of the Japan tea market at Yokohama at one dollar per picul higher than last year, with the quality about the same.

Ottawa, April 23.—Wm. Pearce, Dominion Inspector of mines, Calgary, is here.

Montreal, April 23.—At a meeting of citizens held yesterday it was decided to hold next year the civic celebration of the two hundred and fiftieth anniversary of the foundation of Montreal.

London, April 23.—Governor Loch cables from Cape Town that he has telegraphed to the president of the Transvaal that the projected expedition of Boers into Mashonaland with the view of establishing a republic would be treated as an act of hostility to Great Britain. The president answered that he had discouraged the expedition and had sent for the suspected leaders.

London, April 23.—In the House of Commons to-night Chancellor of Exchequer Goschen submitted the budget. He said it showed an excess of £1,736,000 in surplus over that which he had suggested of 1890 would be shown. There was no certainty, however that the ratio of increase would be maintained in coming years. Irish relief measures had already increased the expenditures by £200,000.

Don't forget the tax sale of town property next Saturday morning at the Town Hall.

W. H. Meyers, of Carrot River, was in town last week. He reports seedling well advanced in the Carrot River district.

Mr. Patterson, of Carrot River came into town Saturday last. He is the guest of his son-in-law Acting Mayor Donaldson.

A Sitting of the Supreme Court was opened here yesterday by Mr. Justice McGuire. Nothing of a serious nature will come before His Honor this session.

Major Hoey, M.L.A., accompanied by Mrs. Hoey, came into town on a business trip last week. The Major informs us that seedling is about completed in his section of country.

W. Fawcett has secured the services of a first-class brickmaker, who arrived here Saturday last. Mr. Fawcett will, we understand, commence operations at once.

H. J. Starforth, manager of "The Club," left on Monday's train for Winnipeg. Dame rumor has it that Mr. Starforth will secure a better half before returning to Prince Albert.

The butter famine still exists. It is a game of catch as catch can. If you are on the spot when the butter comes in you get some. If you are not—you go without butter.

Rev. A. A. H. Wright, of Fort la Corne, came in from that burgh on Monday last. The rev. gentleman will spend a few days in town, amongst his old friends and parishioners, who are always pleased to see him.

On Saturday last rain fell all day—the first of the season. It had the good effect of drowning out the numerous fires running throughout the country, as well as being a great benefit to the land already seeded.

Last week several fierce forest fires could be seen raging in the timber on the north side of the river. It is a pity some of the originators of these fires are not made to suffer for their negligence in allowing these fires to get beyond control. We believe it would not be a hard matter to bring some of the guilty parties to justice.

The School Board held a short special session last week in order to examine and discuss plans submitted for the enlargement of the public school building. It was decided that the plans be left in the Secretary's office for a short time, so that ratepayers might have an opportunity of examining them. The regular meeting of the Board will be held Thursday next, when one of the plans submitted will be chosen by the Board.

The Town Treasurer, Mr. J. F. A. Stull, will hold a sale of town lots for unpaid taxes in the Town Hall on Saturday next, commencing at ten o'clock. The lots to be offered for sale are the unsold lots left over from the Treasurer's first sale.

The spring and summer outfit of goods for the H. B. Co. has arrived. Managers, clerks and everybody else are working hard sorting, marking and putting them in their proper places to enable the public to make a choice from the largest, finest and cheapest assortment ever brought into the town of Prince Albert.

The city fathers were again regularly convened on Monday evening last. The Mayor was absent. Coun. Donaldson was in the dais. In front of him sat the Town Clerk looking the very picture of ease and self-possession, while around the board sat the assembled wisdom, ready for business. This year's Council, so far, has been noted for the quiet and gentlemanly manner in which the business of the town is conducted. 'Tis well.

A very pleasing event took place on the 22nd inst., at the residence of R. S. McKenzie, Indian Agent, Duck Lake, the occasion being the marriage of Mr. A. Goodwin Harrison, formerly of London, Eng., to Miss Elizabeth Leslie, daughter of Wm. J. Leslie, Montreal. The bride was attended by Miss Maggie Finlayson, while the groom was looked after by the genial Charlie McKenzie. The ceremony was performed by the Ven. Archdeacon Geo. McKay. The young couple have our very best wishes for their future welfare.

Capt. Craig came into town from his place near Carlton on Friday. He reports seedling in Carlton and Duck Lake districts nearly finished. The area sown is greater than last year, and a large acreage of new land will be broken this season. A considerable influx of new settlers is expected and prospects for the future are very encouraging. All the way into town by Wiloughby, Lindsay and St. Catherine's, farming operations are unusually well advanced for the date and the land everywhere is in fine working order. Live stock has wintered very well and, generally speaking, has come through in excellent condition.

"Is it another fake?" is a question the friends of the *Dominion Illustrated* have frequently to answer with regard to the prize competition inaugurated by the publishers of that Journal for the current six months. The publishers have themselves given the best answer to that by publishing the list of prizes. There are 100, aggregating in value over \$3,000. The first is \$750 in gold and the smallest is valued at \$5. The competition consists in finding in current numbers of the Journal the answers to thirty-six questions, six of which are published each month. On receipt of 12 cents in stamps, the publishers (the Sabiston Litho. & Pub. Co., Montreal) will send sample copy with full particulars.

TOWN COUNCIL

The Town Council met on Monday evening last.

All present except Mayor Johnson. Acting Mayor Donaldson in the chair. A tie vote took place on the reading of the minutes, three voting for the adoption of the minutes and three against.

The objectionable part was that the Council ask the Government to locate the Land Office and Registry Office on River Lot 76. The objectionable was ordered to be struck out and that the Government be asked to place the building in as central a place as possible. The minutes were then adopted.

Several communications re taxes were read and an extension of thirty days was given.

The report of Coun. McLellan, Chairman Health and Relief Committee, was read and adopted.

A By-law to amend By-law No. 111 was read a third time and passed. The Council then adjourned.

The adjourned tax sale will be held in the Council Chamber on Saturday, 2nd May next. Several lots not disposed of will be offered for sale.
